Security

Feel safe knowing your home and family are safe and protected with the Hills Reliance security system. Designed to suit homes of all sizes, the Hills Reliance features intelligent and trusted motion sensors to detect and alert you of unwanted intruders.

- ✓ Suitable for small to large homes
- ✓ Slim line code pad with personal voice guide
- ✓ Reliable and intelligent motion sensors

Intercom

See, talk to and even let visitors into your home, all with the Kocom video intercom. The Kocom intercom doorbell unit features two-way audio and a built-in camera that automatically displays video of visitors on your indoor intercom screen, so you can see who is there without having to go near your front door.

- ✓ Clear video imagery on 7" display screen
- ✓ Two-way audio between indoor unit and doorbell
- ✓ Modern and sleek designs

CCTV

Experience complete security at home and even whilst you're away with the latest Hills network video recorder (NVR) and high definition megapixel cameras. Hills megapixel cameras deliver high quality images during the day and night, helped with its infra-red technology for excellent night vision images. The cameras have been designed to be vandalproof, to protect against tampering and also have an IP66 rating, for high durability in harsh outdoor conditions.

- ✓ 3 megapixel lens with high quality day-and-night imagery
- ✓ Built-in 3TB hard drive to record and playback footage
- ✓ Infra-red technology for night vision
- ✓ Vandalproof design
